

GLASS RENOVATOR

Glass Renovator is suitable for use in a sink, or with cabinet and rotary glass washing machines.

When used as directed, Glass Renovator hygienically removes rinse aid film, and any traces of chemicals used in the manufacturing of drinking glasses. Using Glass Renovator can also promote beer head retention.

Pack size: 5kg Code: LEGM-AG0080

How To Use

For Best Results:

Dilution Rate: 2 scoops (120g) per 5L of hot water.

Glass Renovator can be used in an automatic glasswasher, or as a pre-soak treatment in a sink.

Glasswash Machine: Add Glass Renovator to the wash water. Wash glasses in the normal way.

Sink Method: Immerse the glasses in the pre-diluted solution for 15 minutes. Thoroughly rinse with clean water immediately after treatment.
