

TROJAN SUPER WITH WAX Concentrated TFR

Legend Trojan Super With Wax has been specifically formulated to remove grease, oil, dirt, grime and road film from vehicles. It leaves a microscopic film on paintwork which helps deter dirt and grime, making subsequent cleaning easier. It is also suitable for cleaning garage floors and forecourts.

Pack size: 25L Code: LEGM-AH0021

Trucks

Vans

Cars

Coaches

How To Use

Trojan Super With Wax is a concentrated product designed for use through a pressure washer. Set the dilution rate up to 200:1 dependant on the level of soiling.

For Best Results:

Use in conjunction with a pressure washer. Use the machine control panel to set the dilution rate. Apply the solution working from the bottom of the vehicle upwards. Allow sufficient contact time. Heavy traffic film and mud may require brushing off before rinsing with clean water. Rinse from the top of the vehicle downwards.
