

## EMULSIFIER OIL & FOOD STAIN REMOVER

Legend Emulsifier is a high strength surfactant based destainer specially formulated for use with professional auto-dose systems. Emulsifier removes stubborn food stains including aroma therapy oils, fats and protein stains, is safe to use on coloured washes and suitable for washing at any temperature. Emulsifier is for use in hotels, leisure and commercial on premise laundries.

Pack size: 10L  
Code: LEGM-AE0201

Machine Washing

Table linen

Towels

Sheets

### How to Use

Emulsifier is a highly concentrated liquid laundry destainer, suitable for use in all temperature washes. It is specially formulated for use only with professional auto-dose programmes and not for hand washing. Emulsifier is designed to remove stubborn food related stains including oils, fats and proteins. Emulsifier is ideal for use for washing towels, table linen, chef's whites, kitchen cloths and oily overalls.

Dilution Rate:  
3ml per 1Kg of dry laundry.

Emulsifier should only be used with professional auto-dose programmes. The dosage rate should be correctly set for the size of the machine. Use in conjunction with Liquid Laundry Detergent, Fabric Softener and Peroxide Destainer. Dirty laundry should be sorted into similar wash types. Select the correct wash temperature for the type of loads. Emulsifier is most effective at 60°C
