

FABRIC SOFTENER PREMIUM

Legend Fabric Softener Premium is a fabric conditioner for use in professional auto-dose programmes and hand washing. Fabric Softener Premium contains encapsulation technology, eliminates static cling, leaves a long lasting pleasant floral fragrance and replenishes softness in fabrics, providing softer and fresher laundry. Fabric Softener Premium is intended for use in care homes and hotels.

How to Use

Fabric Softener Premium is designed to provide washed linen with softness and a long lasting floral fragrance using encapsulation technology. It will also eliminate static cling in tumble dryers, with less creases making ironing easier.

Dosage Rate:

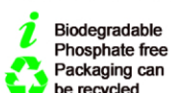

Between 5-10ml per 5L of rinse water.

Use through an automatic dosing unit. The dosage rate should be correctly set for the size of machine and water hardness. If hand washing, rinse garments thoroughly and add fabric softener to the final rinse water. Allow to soak for a few minutes before extracting the water and drying.

HEALTH & SAFETY

Please refer to the MSDS for full health and safety information.

DO NOT INGEST
DO NOT MIX WITH OTHER CHEMICALS
KEEP OUT OF REACH OF CHILDREN
