

## BC40

### Odour Control Concentrate

A concentrated solution that can be diluted up to 100:1. Safe to use on most hard surfaces including carpets and upholstery. Can be used as an additive in carpet extraction machines and pressure washers, or can be sprayed to treat malodours. Leaves a long lasting, pleasant residual fragrance.

#### How To Use

BC40 is highly fragranced, specially formulated to tackle unpleasant odours. Ideal for use in public areas, bin rooms, washrooms, drains and vehicle interiors.

BC40 can be used for estate cleaning including concrete stairways, underpasses and flat clearances.

#### Directions for use:

##### Dilution Rate:

Mop and bucket: 90-120ml per 5L of water

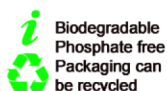

Spray application: 90-120ml per 1L of water

Machine application: 90-120ml per 5L of water

If present remove foul waste, rubbish and bodily fluids before treating the area with BC40. Spray, mop or machine the affected area, try not to over wet, then leave to dry.

#### HEALTH & SAFETY

Please refer to the MSDS for full health and safety information.
