

## SPRAY & WIPE WITH BLEACH

Legend Spray & Wipe with Bleach has been prepared to assist with some of the more unpleasant cleaning tasks that need to be done. It is suitable for the cleaning up of body fluid spills including blood, faeces and vomit. It can be used to tackle mould and mildew build-ups, and it is also an effective tea and coffee stain remover on most hard surfaces. Spray & Wipe with Bleach has thick-cling properties to give greater contact time on vertical surfaces. The product is supplied ready to use and is fully biodegradable.

### How To Use

#### Body fluids:

Wear disposable gloves and cordon off the spillage area, use warning signs to alert the public. Use disposable paper towels to wipe up the spillage and place them in a plastic bag for disposal. Spray the contaminated surface and allow to stand for up to 5 minutes.

Use a disposable towel to wipe up the solution and dispose of the towels and gloves in the plastic bag. Wash hands thoroughly with soap and water, if this is not immediately available apply Microclenz Gel to hands.

#### General cleaning:

Spray onto the surface, allow five minutes contact time, wipe off with a clean damp cloth.

#### Tiles:

When cleaning tiles, use with a small brush to clean the grouting. Rinse with clean water. Stubborn stains may require repeat applications.

#### Body fluids and general cleaning:

1

SPRAY OR WIPE ONTO THE SURFACE

2

ALLOW A CONTACT TIME OF 5 MINUTES

3
