AND
CONFORMS TO
EN14476 AND
EN1500

PCS No: 101062

Legend Microclenz Gel is an effective ready to use hand sanitiser designed to combat gram - and gram + bacteria including MRSA. Microclenz Gel has been effectively tested against a surrogate Corona Virus. Microclenz Gel is a non-perfumed, colourless alcohol solution with additional skin care ingredients which leaves hands clean and fresh after use.

Pack Size:
4x5L Code: LEGM-AM0620-4N
12x500ml Code: LEGM-AM0621-PMP

How To Use

Microclenz Gel is an alcohol based hand sanitiser. Microclenz Gel is ideal for use in food service areas, kitchens, hospital wards, GP surgeries, leisure centres and schools.

Directions for Use:

For best results ensure hands are visibly clean and dry. Add a small amount of the gel onto the palm and rub hands together ensuring that palms, fingernails, thumbs and wrists are fully coated before the product fully evaporates.

Note: Hand gel does not replace the need for normal hand washing with a good quality soap that conforms with Cosmetic Regulations.
