

LIQUID GLASS RENOVATOR

A highly concentrated, low foaming liquid detergent for use as a specialist cleaner where persistent staining of glassware is a problem. This product will rapidly remove starch and tannin deposits as well as protein, yeast, beer residue and bloom. A concentrated formulation makes Liquid Glass Renovator economical and gives a professionally cleaned finish. Restores dull glassware. Suitable for use in soft and hard water conditions.

Pack size: 2x5L Code: LEGM-GR3261-2X5NEX

How To Use

Liquid Glass Renovator is designed to be used with an auto dose system. Not suitable for hand washing of glassware. Wear eye protection and gloves whilst carefully placing the detergent tube inside the container, making sure that the tube goes right to the bottom of the container. Switch on the dosing unit. The equipment automatically controls the amount of renovator fed into the machine. The concentration range is 0.5 – 1 %, i.e. diluted 100:1 to 200:1 with clean water, dependant on local conditions.

1
USE THROUGH AUTOMATIC
DOSING EQUIPMENT

2
TAKE CARE
WHEN CHANGING
BOTTLES

3
MAKE SURE
